

ALIMATS

PREFERENTIAL HIRE RATES

The standard ALIMATS™ set consists of twenty mats (five to be placed beneath each crane outrigger) configured in two layers. The individual mats measure 580mm x 1740mm in area and the total depth is 120mm. The bottom layer has three interlocking mats and the upper layer has two interlocking mats, turned through 90° to the layer beneath. **The result is a unified mat area of 3.0 m²**

- **Strong - Interlocking multi-mat system, 150 tonnes compressive strength design**
- **Ease Of Site Set Up - 38kg per mat, means they are easily hand lifted into position**
- **Quick To Set Up - Saving crane rigging time and ensuring works are started with minimum delay**
- **Site Storage - The size and manoeuvrability of the mats makes them easy to move and keep secure**
- **Cost Effective - Could avoid the need for extensive temporary civil engineering groundworks**
- **Short Term Hire - Hire mats as and when you require them to suit your construction program**
 - **Long Term Hire - To cover all of your ongoing site lifting / off-loading requirements**
- **Anti - Slip Finish - Ensures adequate purchase at mat interface and between the ALIMATS™ layers**
 - **Individual ID Plate / Extrusion Mark - To ensure traceability of each mat**
